Foreword from the President of PolyU and Chairman of College Council

理大校長及學院校董會主席序言

I take great pleasure in presenting this annual report, which highlights the achievements and developments of the College of Professional and Continuing Education (CPCE) of The Hong Kong Polytechnic University (PolyU) in 2023/24.

Since its establishment in 2002, CPCE has gradually developed into one of the leading self-financing tertiary institutions in Hong Kong, offering quality education through its two educational units, namely the Hong Kong Community College (HKCC) and the School of Professional Education and Executive Development (SPEED).

HKCC offers two-year full-time associate degree and higher diploma programmes (i.e. sub-degree programmes) to graduates of the Hong Kong Diploma of Secondary Education Examination. Meanwhile, SPEED provides two-year full-time and three/four-year part-time articulation honours degree programmes for sub-degree graduates and working adults. Together, HKCC and SPEED enable secondary school leavers to obtain a degree awarded by PolyU in four years via a clearly articulated Non-JUPAS "2+2" pathway. In addition, to cater for the educational needs of lifelong learners and professionals, CPCE also offers a wide range of continuing education courses in collaboration with industry partners.

For over 20 years, CPCE has been committed to fostering student development via a holistic approach to education which not only equips students with professional skills and knowledge through PolyU-accredited programmes but also enhances their whole-person development through a wide range of extra-curricular activities supported by scholarships and other funding. Through these efforts, the College aims to nurture all-round individuals who are able to respond to the changing needs of Hong Kong, the Nation and the world at large.

I am particularly gratified to see that the 2023 cohort of HKCC and SPEED graduates has made great strides, with HKCC graduates reaching an articulation rate of 90.2% and SPEED graduates attaining an employment rate of 83.7% within six months after graduation.

As the world continues to evolve, new challenges will inevitably emerge and it is important for us to embrace the opportunities ahead. I am confident that, with the concerted efforts and unwavering support of its staff, students, alumni and partners from different sectors, CPCE will stand the test of time and transform the upcoming challenges into opportunities for sustainable growth.

Jin-Guang Teng
President, The Hong Kong Polytechnic University
Council Chairman, College of Professional and Continuing Education

我非常榮幸向大家呈獻本年度的報告，綜述香港理工大學（理大）專業及持續教育學院（CPCE）於2023/24年度的發展進程及所取得的成就。

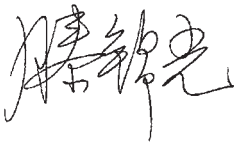

自2002年成立以來，CPCE一直穩健發展，目前已是香港規模最大的自資高等院校之一。轄下包括兩大教學單位──香港專上學院（HKCC）和專業進修學院（SPEED），兩者均致力於提供優質的專上教育。

HKCC針對香港中學文憑考試畢業生，提供為期兩年的全日制副學士學位及高級文憑課程（副學位課程）；而SPEED則為副學位畢業生和在職人士提供兩年全日制及三／四年兼讀制的榮譽學士學位銜接課程。HKCC與SPEED共同為中學畢業生提供了完善的「2+2」非聯招升學途徑，使他們能在四年內獲得理大頒發的學位。此外，為了迎合終身學習者和專業人士的進修需求，CPCE亦與各行業合作，開設了多種持續進修課程。

在過去二十餘年中，CPCE堅持全人教育的理念，致力培養學生。我們不僅透過理大認可的課程教授學生專業知識與技能，還通過提供各種獎學金資助的課外活動，促進學生的全人發展。這些努力充分展現了學院培養學生成為具備全面能力的人才，以應對香港、國家乃至全球的變遷。

2023年的畢業生，如同往屆一樣，以優異的成績展現了自己的實力。其中，HKCC畢業生的升學率高達90.2%，SPEED畢業生於畢業後六個月內的就業率也達到了83.7%，這些成績令人振奮。

在這個瞬息萬變、新挑戰層出不窮的世界中，把握機遇顯得尤為重要。我堅信，在教職員、學生、校友以及各界合作夥伴的共同努力與支持下，CPCE定能夠經受住時間的考驗，將挑戰轉化為持續發展的契機。

Message from the Dean
院長的話

The College of Professional and Continuing Education (CPCE) and its teaching units – Hong Kong Community College (HKCC) and the School of Professional Education and Executive Development (SPEED), have spread their wings over the past year, reaching new heights with remarkable achievements. It is with great pride that I present this Annual Report to provide an overview of CPCE's development and accomplishments in 2023/24.

專業及持續教育學院（CPCE）及轄下教學單位—香港專上學院（HKCC）及專業進修學院（SPEED）高飛遠翔，在過去一年取得了卓越成就。我很高興向各位呈獻這份年報，總結我們在2023/24年度的發展和成就。

As the largest self-financing tertiary institution in Hong Kong, CPCE provides quality programmes for HKDSE and sub-degree graduates as well as working adults aiming to upgrade their qualifications and pursue their career aspirations. Despite the continuous drop in the number of secondary school graduates in Hong Kong, CPCE managed to maintain a stable population of nearly 12,000 full-time and part-time students in 2023/24.

作為香港最大的自資高等教育院校，CPCE為香港中學文憑考試畢業生、副學位畢業生，以及有志提升資歷及實踐事業抱負的在職人士提供優質課程。縱然面對香港中學畢業生人數持續下跌，CPCE的2023/24年度全日制和兼讀制學生人數仍然維持約12,000名。

During the year, HKCC offered 38 full-time sub-degree programmes, while SPEED offered 34 full-time and 21 part-time articulation honours degree programmes. In addition, SPEED also provided 60 courses across various disciplines through the Continuing Education Office, enabling practising professionals and lifelong learners to enhance their skills and knowledge and stay up-to-date with the latest development in their fields.

年內，HKCC開辦38項副學位課程，SPEED則提供34項全日制及21項兼讀制榮譽學士學位銜接課程。此外，SPEED轄下的持續教育處亦為在職專業人士及終身學習人士提供60項課程，涵蓋多個學科範疇，以加強他們的知識和技能，並緊貼所屬領域的最新發展。

I am delighted to share that the efforts of our students and staff members have borne fruit, in spite of the various challenges experienced over the past year. Firstly, it is gratifying to see that the overall articulation rate of HKCC graduates reached 90.2% in 2023, with a record high of 71.2% admitted to government-funded programmes. As for SPEED, 83.7% of full-time PolyU-SPEED award graduates secured employment within six months after graduation in 2023, while about 7% chose to pursue further studies.

儘管在過去一年，我們仍面對各種挑戰，但我很高興與大家分享，我們的學生和教職員的努力取得豐碩成果。首先，令人欣喜的是，HKCC 2023年度畢業生的升學率高達90.2%，當中入讀政府資助課程的比率創下71.2%新高。SPEED方面，修畢全日制理大專業進修學院學銜課程的畢業生當中，83.7%成功於畢業後六個月內就業，另有約7%選擇繼續深造。

Secondly, CPCE fostered new partnerships with industry and professional bodies, signing numerous Memoranda of Understanding (MoUs) in 2023/24 with organisations including Suya WWC CPA Limited, Shangri-La Group, Savills Services Group, and CLP Power Academy to explore internship opportunities for our students and enhance their industry-relevant exposure for future careers. Furthermore, SPEED entered into MoUs with DFI Retail Group, Hong Kong Physiotherapy Association and CABE, etc. to introduce specialised programmes on retail industry, sports therapy, and engineering and other continuing education courses.

第二，CPCE積極與業界及專業團體建立夥伴關係，於2023/24年度簽訂多項合作備忘錄，包括與蘇亞文舜會計師事務所、香格里拉集團、第一太平戴維斯物業服務集團及中電學院簽署合作協議，為我們的學生提供實習機會，並增強他們的行業相關知識，為未來事業作好準備。另外，SPEED亦與DFI零售集團、香港物理治療學會及英國特許建築工程師協會等團體簽訂合作備忘，開辦與零售業、運動治療及工程相關的專業課程及其他持續進修課程。

Thirdly, CPCE secured substantial amounts of external funding during the period to support a range of educational and research projects. Notably, CPCE was granted over HK$18 million from The Hong Kong Jockey Club Charities Trust in 2023/24 to establish the Jockey Club Future Laboratory of Arts Tech and implement a three-year education initiative known as the Jockey Club Arts Tech Imagineering Education Programme. Moreover, the College received additional funding of HK$22.35 million from the Trust to undertake a place-making project for 130 local secondary schools.

第三，CPCE年內獲得多筆大額校外資助，以支持學院一系列的教育和研究計劃。其中，CPCE獲香港賽馬會慈善信託基金撥款逾港幣1,800萬元，成立「賽馬會藝術科技未來實驗室」，並開展為期三年的賽馬會「想像無限」藝術科技教育計劃。此外，學院亦獲該信託基金撥款港幣2,235萬元，為130間中學進行環境營造。

On the research front, CPCE, including HKCC and SPEED, obtained external funding totalling over HK$14 million for 14 research and teaching projects in 2023/24. SPEED alone received funding of over HK$8 million for 12 projects in the Competitive Research Funding Schemes for the Local Self-financing Degree Sector 2023/24 of the Research Grants Council. These funded research projects encompass various popular areas such as Artificial Intelligence (AI) application, energy efficiency, green business, tourism, new materials, noise control, teaching aids and waste management. These encouraging results serve as a proof that SPEED is assuming an increasingly active and leading role in conducting important and innovative research, thereby contributing to knowledge development in related disciplines and society as a whole.

For the ninth consecutive year, CPCE participated in the Student Barometer survey conducted by the independent research company "i-graduate" to benchmark its performance against over 150 universities/institutions across 25 countries. In 2023, CPCE received an overall local student satisfaction rate of 87.9%, comparable to the international standard. Of the 34 individual learning elements, CPCE outperformed both the global and Asian benchmarks in 13 of them, including "Expert Lecturers", "Quality of Lectures", "Online Lectures", "Online Tutorials", "Programme Content", "Learning Technology", "Learning Support", and "The Level of Research Activity". The majority of them obtained a satisfaction rate above 90%, with the highest being 94.4% for "Expert Lecturers".

在研究方面，包括HKCC和SPEED在內，CPCE於2023/24年度獲得的校外資助逾港幣1,400萬元，推行14個研究及教育項目。當中，SPEED在研究資助局2023/24年度「本地自資學位界別競逐研究資助計劃」中，獲批研究項目共12個，總資助額逾港幣800萬元。獲資助的12個研究項目涵蓋人工智能應用、能源效率、綠色商業、旅遊、創新材料、噪音控制、教學輔助技術及廢物管理等多個熱門領域，足以證明SPEED在重要和創新研究方面，擔當積極的領導地位，造福學術界以至整個社會。

CPCE連續第九年參加獨立研究機構i-graduate進行的學生指標調查，與25個國家逾150間大學／院校的表現作基準比較。2023年，CPCE的本地學生整體滿意度達87.9%，與國際基準相近。在34項教學相關項目中，CPCE在其中13項的表現優於國際及亞洲基準，當中包括「專家講師」、「課堂質素」、「網上課堂」、「網上導修」、「課程內容」、「學習科技」、「學習支援」及「研究活動水平」。大部分項目的滿意度均逾90%，其中最高為「專家講師」，達到94.4%。

Finally, I would like to take this opportunity to express my sincere gratitude to the members of the College Council and College Advisory Committee for their wise counsel and invaluable contribution over the past year. My heartfelt appreciation also goes to our students, staff, alumni, and industry and academic partners for their persistent efforts and staunch support. By staying agile and innovative, I am confident that CPCE will continue to live up to its mission and empower our students who will spread their wings and reach their fullest potential.

Peter P. Yuen
Dean, College of Professional and Continuing Education

最後，我謹藉此機會感謝學院校董會及顧問委員會成員在過去一年給予我們許多寶貴的建議。我也要衷心感激學院學生和教職員的不懈努力，以及校友、業界和教育界夥伴堅定不移的支持。我相信只要時刻保持靈活和創新，CPCE將繼續履行其使命，裝備我們的學生，讓他們高飛遠翔，盡展潛能。

Airport-themed Events Organised to Encourage Students to Embark on the CPCE "2+2" Articulation Pathway

舉辦機場主題活動以鼓勵學生踏上CPCE「2+2」升學途徑

To encourage prospective students to embark on their "2+2" articulation pathway with HKCC and SPEED, CPCE hosted two airport-themed events, the "CPCE Consultation Fair" and "CPCE Carnival - Your '2+2' Educational Voyage Takes Off—Navigating the Future", from 25 to 26 January 2024 and from 29 February to 2 March 2024 respectively.

During the events, the PolyU West Kowloon Campus was transformed into an airport-like setting and filled with a rich array of enjoyable activities such as Flight Simulation Experience, Pros Everywhere: Happy Rainbow, and Windmill Spinning. Through the games and onsite consultations, participants, including secondary school graduates, sub-degree graduates and working adults, could gain more understanding of how the CPCE "2+2" articulation pathway can assist them in obtaining a degree awarded by PolyU, thereby making an informed decision on their further studies.

為了鼓勵擬報讀學生加入HKCC及SPEED，踏上「2+2」升學之旅，CPCE於2024年1月25至26日及2月29日至3月2日分別舉辦了兩場以機場為主題的活動—「諮詢日繽紛」及「CPCE『2+2之旅啟航』嘉年華—領航未來」。

活動舉行期間，理大西九龍校園除了佈置成機場一樣，還設置了一系列有趣的活動，包括模擬飛行體驗、全民造師：「擇」出彩虹及轉風車等。這些遊戲和即場諮詢，讓中學畢業生、副學位畢業生及有意進修的在職人士深入了解如何循「2+2」升學途徑取得理大頒授的學位，讓夢想啟航，為未來事業發展做好準備。

Continuing Education Courses
持續進修課程

As the global economic situation continued to improve in 2023/24, the Continuing Education Office (CEO) has developed many new initiatives whilst maintaining strong collaboration with industry professionals. Supported by the four CPCE academic divisions, the CEO is able to offer high-quality learning experiences to adult learners across a wide range of professions.

當全球經濟形勢在2023/24年度持續改善時，持續教育處（CEO）在與行業專業人士保持緊密合作的同時，開展了許多新的倡議。在CPCE四個學部的支持下，CEO為各行各業的成年學員繼續提供優質的學習體驗。

In 2023/24, the CEO launched 60 continuing education courses and programmes, including some leading to recognised qualifications under the Qualifications Framework (QF). The total number of students admitted in the past year has surpassed 6,800, with an average student feedback rating of 4.4 out of 5, reflecting both the popularity and quality of the learning experiences provided for these professional learners in both the public and private sectors. Among these, a recently developed course in Clinical Nutrition offered to Registered Nurses has recorded an oversubscription in its first intake.

在2023/24年度，CEO推出了60個持續進修課程，部分課程達到資歷架構的認可資格。過去一年，CEO錄取的學生人數超過6,800人，而學生反饋評分平均達5分中的4.4，這反映了我們為公營和私營機構的專業人士提供的學習體驗受歡迎程度和質素。其中，最近專為註冊護士推出的臨床營養學課程在首次招生中已錄得超額報讀。

This year, the CEO expanded its reach and impact on mainland China by successfully offering dozens of professional seminars for nearly 1,000 undergraduates and postgraduates from 985 and 211 project universities, and senior executives from corporates in mainland China. Locally, the CEO has also been commissioned by different departments of the HKSAR Government such as the Hospital Authority and Transport Department to develop and commission new training programmes for their professionals leading to qualifications recognised up to QF Level 6. Within PolyU, the CEO formed a new partnership with the Department of Health Technology and Informatics in offering a new Advanced Specialty Training Programme for senior Radiographers in the Hospital Authority.

今年，CEO擴大了與中國內地的交流，成功為來自985和211工程名單的大學近1,000名本科生和研究生，以及來自中國內地企業的高級管理人員提供了數十場訪學或專業研討會。在本地方面，CEO也受到了香港特別行政區政府不同部門（如醫院管理局和運輸署）的委託，為他們的專業人士開發及提供新的培訓課程，部分課程更屬資歷架構第6級。CEO亦與理大醫療科技及資訊學系建立了夥伴關係，為醫院管理局的高級放射治療師提供新的高級專職醫療培訓課程。

To support the government's latest initiative to drive the sports industry, the CEO, together with PolyU's Department of Rehabilitation Sciences and The Hong Kong Physiotherapy Association, announced in March 2024 the launch of a groundbreaking Professional Certificate Course in Advanced Practice in Sports Physiotherapy, the first of its kind in Hong Kong.

為了支持香港特別行政區政府推動體育產業的最新倡議，CEO與理大康復治療科學系和香港物理治療學會於2024年3月宣布合作推出全港首個運動物理治療專業證書課程。

The CEO's success with the Certificate in Property Management for Provisional Property Management Practitioner (Tiers 1 & 2) License has generated more interests from the public in academic qualifications related to property management, engineering and building inspection. In response to this demand, the CEO has introduced new programmes "Professional Certificate in Property and Asset Management I & II" to the public and private sectors, which have received very positive responses from corporate classes already organised for Well Born Real Estate Management Limited, a member company of Henderson Land Development Company Limited. The CEO also worked closely with DFI Retail Group to establish the first QF Level 6 programme in retail in Hong Kong that may shape the future of training culture in the retail industry.

CEO成功推出物業管理證書課程（臨時物業管理人（第1和2級）），提升了公眾對與物業管理、工程和樓宇檢查相關的學術資格的興趣。為了應對這種需求，CEO向公營和私營機構推出了新的「物業和資產管理專業證書I和II」，並得到非常積極的反饋，並已為恒基兆業地產集團的成員公司偉邦物業管理有限公司舉辦企業班。CEO還與DFI零售集團密切合作，推行了全港首個達資歷架構第6級的零售行業課程，有助塑造零售行業未來的培訓文化。

In addition to its regular continuing education courses, the CEO actively organised and participated in international conferences, seminars and talks in different industries. A series of seminars and talks covering topics on Ageing Community, Building Inspection, Chinese Medicines, IT and IoT for healthcare professionals, Legal and Mediation, Nutrition and Dietetics, Property Management, Sports Physiotherapy, etc. have drawn much attention and attracted a large number of participants. With funding support from the Professional Services Advancement Support Scheme under The Commerce and Economic Development Bureau, and professional support from the Hong Kong College of Health Services Executives, the CEO successfully launched and completed an international conference, a series of seminars and talks for healthcare professionals with very positive feedback. Working closely with the banking and insurance industry, the CEO will be developing new Continuing Professional Development/e- Continuing Professional Development (CPD/e-CPD) courses that are updated, practical and relevant for these professionals.

除了常規的持續進修課程外，CEO還積極組織和參與不同行業的國際會議、研討會和講座。一系列涵蓋人口老化、樓宇檢查、中醫藥、醫療專業人員的資訊科技和物聯網、法律和調解、營養和飲食、物業管理、運動物理治療等主題的研討會和講座，引起了廣泛關注，並吸引了大量參與者。在商務及經濟發展局的專業服務協進支援計劃的資助和香港醫務行政學院的專業支持下，CEO成功啟動並完成了一場國際會議，為醫療專業人員舉辦研討會和講座，並得到非常積極的反饋。另外，CEO將與銀行和保險行業密切合作，開發最新、實用及與行業人士息息相關的持續專業發展／電子持續專業發展（CPD / e-CPD）課程。

In terms of overseas partnership, the CEO strengthened its existing collaboration with the University of London and Northumbria University Newcastle through participating in conferences, launching new academic programmes, and reviving summer student exchanges after a hiatus during the pandemic. The CEO will continue its effort in exploring and forming new partnerships with overseas institutions.

在海外夥伴合作方面，通過參加會議、推出新的學術課程，並在疫情後恢復夏季學生交流，CEO加強了與英國倫敦大學和英國諾桑比亞大學的現有合作。CEO將繼續努力探索並尋求與海外院校建立新的夥伴關係。

The Centre for Professional and Business English (CPBE) under the CEO has a strong focus in providing high-quality language and communication services for a wide range of clients. In 2023/24, the CPBE delivered around 100 corporate training workshops to an audience of around 3,600 participants. These workshops were delivered to clients in both the public and private sectors. The CPBE will continue to develop and provide highly effective communication skills training. It also managed eight large recruitment examinations for various government departments. The CPBE developed questions, provided accurate marking services and hosted the examinations on campus. Several thousand prospective government employees sat for recruitment examinations hosted by the CPBE in 2023/24.

CEO屬下的專業及商業英語中心（CPBE）專注為不同客戶提供優質的語文和溝通培訓。在2023/24年度，CPBE向公營和私營機構客戶提供了約100場企業培訓工作坊，培訓了多達3,600名員工。CPBE會繼續開辦高效的溝通技巧培訓課程。此外，CPBE亦協助政府部門舉行了八場大型招聘考試，工作包括制定考試問題、精準批改及安排考試場地和流程，為各個政府部門的數千名參與者提供考試服務。

Looking ahead, the CEO will actively explore new opportunities in the Greater Bay Area and is committed to developing and delivering more top-tier continuing education courses and learning experiences for both lifelong learners and working professionals.

展望未來，CEO將積極開拓大灣區的新機遇，並繼續為終身學習者和在職專業人士制訂和提供更多卓越的持續進修課程和學習體驗。

Service-Learning
服務學習

Service-Learning (SL) is an experiential learning approach that integrates academic study with community service and self-reflection to enrich the learning experiences of students while enabling them to contribute to the community. Since the introduction of the first SL subject in 2016/17, students of full-time articulation honours degree programmes leading to PolyU-SPEED awards can either take a 3-credit SL subject or a free elective as a part of their graduation requirement.

服務學習是一種體驗式學習法，它把社會服務與自我反思融入學習之中，藉此豐富學生的學習經歷，並同時讓他們造福社區。自2016/17學年推出首個服務學習科目後，PolyU-SPEED學銜全日制榮譽學士學位銜接課程的學生，可以選擇修讀3個學分的服務學習科目或其他選修科，從而符合畢業要求。

In 2023/24, more than 200 students enrolled on eight SL subjects, including three brand new subjects, namely "Personal Financial Planning for Youths in Hong Kong" in collaboration with Free Methodist Church Tuen Mun Children and Youth Integrated Services Centre and two secondary schools in Tuen Mun, "Designing Technical Solutions for the Community" in collaboration with 1st Step Association, and "Entrepreneurial Marketing in Practice" in collaboration with Breakthrough Limited.

於2023/24學年，有超過200名學生修讀八個服務學習科目，當中包括三個全新開辦的科目：與循理會屯門青少年綜合服務中心及兩所屯門區中學合作的Personal Financial Planning for Youths in Hong Kong、與自強協會合作的Designing Technical Solutions for the Community，以及與突破機構合作的Entrepreneurial Marketing in Practice。

The students who took these three new SL subjects were engaged in promoting personal financial planning to the young people, providing technical design of assistive devices for the elderly and disabled groups, as well as extending support to the underserved young entrepreneurs in Hong Kong.

修讀這三個全新服務學習科目的學生，分別參與了各種計劃：向年輕人推廣個人理財知識、為長者及殘疾人士設計輔助器材，以及為弱勢青年提供創業支援。

Not only could SL subjects help students put knowledge into practice, but they could also broaden students' awareness of different groups in the community. By actively engaging in service activities, students develop a stronger sense of social awareness, responsibility and engagement, thereby enhancing inclusivity in the society.

服務學習科目不只讓學生能夠將知識學以致用，亦可增加他們對社會上不同群組的認識，藉此提升他們的社會意識、責任感及參與度，促進社會共融。

Beneficiaries of the SL subject "Personal Financial Planning for Youths in Hong Kong" tour the PolyU Hung Hom Bay Campus.

Students of the SL subject "Designing Technical Solutions for the Community" apply their technical skills to design and engineer assistive devices that can cater to the needs and improve the quality of life of the beneficiaries.

修讀服務學習科目Designing Technical Solutions for the Community的學生運用所學的專業技術，為有需要人士度身訂造輔助器材，以改善他們的生活質素。

College Governance
學院管治

College of Professional and Continuing Education (CPCE) is a self-financing college founded by The Hong Kong Polytechnic University (PolyU). CPCE has its own Council which oversees the College's strategic directions and management.

Academic governance is overseen by the PolyU Senate, and the CPCE's College Board, which is a Senate Committee supervising matters relating to academic programmes of its constituent units, HKCC and SPEED.

The quality assurance (QA) framework of CPCE, including its committee structure as well as the policy and procedures for its academic programmes, are governed by PolyU's regulations.

1. Governance Structure

1.1 Committee Structure and Management of CPCE

College Council

The College Council is the governing body of CPCE. Chaired by the PolyU President, its membership comprises Deputy President and Provost, Executive Vice President, Dean of CPCE, and the Director of Finance. Three Senate members of PolyU and three external members appointed by the University President also serve on the Council as members.

College Board

The College Board is responsible for the academic development of CPCE and quality assurance of its programmes and other activities. Chaired by Dean of CPCE, its membership includes staff from the academic divisions and student representatives from HKCC and SPEED.

Committees under the College Board

Under the College Board, there are a number of committees looking after various policy/functional areas. They are Academic Regulations Committee, Academic Appeals Committee, College Learning and Teaching Committee (CLTC), Course Assessing and Monitoring Committee, General University Requirements Committee, Research Committee, and Subjects Committee.

專業及持續教育學院（CPCE）是由香港理工大學（理大）成立的自資學院。學院設有本身的校董會，統籌學院的發展策略及管理。

學院的學術管治由理大教務委員會及CPCE學院院務委員會監督。學院院務委員會是教務委員會轄下的委員會，專責監督CPCE旗下的香港專上學院（HKCC）及專業進修學院（SPEED）的課程及相關事宜。

CPCE的質素保證架構，包括委員會的組織，以及課程政策和程序，均按照理大的規則去治理和執行。

1. 管治架構

1.1 CPCE委員會架構及管理

學院校董會

學院校董會是策劃及領導學院發展的管治組織，由理大校長擔任主席，成員包括常務及學務副校長、行政副校長、CPCE院長，以及財務總監；其他成員包括三名理大教務委員會的成員，及三名由校長委任的校外人士。

學院院務委員會

學院院務委員會專責統籌學院的學術發展及質素保證等相關事宜，由CPCE院長擔任主席。委員會成員包括學部教員，以及HKCC和SPEED學生代表。

學院院務委員會轄下委員會

學院院務委員會轄下設有多個委員會，專責處理學院在不同範疇的政策或職能。它們包括教務規章委員會、教務申訴委員會、教學委員會、科目評核及監察委員會、核心課程委員會、研究委員會，以及科目委員會。

Dean of CPCE and various committees of the Dean

The Dean, as the chief executive of CPCE, is responsible to the Council and reports to the Deputy President and Provost for the management of the College. Committees of the Dean are set up to oversee various matters of the College, including campus and campus sustainability, ethics, management, human resources, information and education technology, grievances and appeals, student discipline, staff and student development, Work-Integrated Education, non-local affairs, library, student hostel management, catering services as well as health and safety.

CPCE Advisory Committee

The CPCE Advisory Committee offers advice on the strategic direction and development of the College. It also advises CPCE on the scope and nature of its academic programmes, research and other activities in relation to the needs of Hong Kong and the region. The majority of the CPCE Advisory Committee members, including the Chairman and Vice Chairman, are external to PolyU and CPCE.

1.2 CPCE Representations at PolyU Committees

CPCE is represented in various PolyU Committees. Dean of CPCE is a member of the Senate, the Academic Planning and Regulations Committee (APRC), the Academic Quality Assurance Committee, and the Academic Council. The PolyU LTC (Learning and Teaching Committee) also includes the CLTC Chair as an ex-officio member.

1.3 Communication with Staff and Students

Almost all CPCE committees include appointed, nominated or elected staff members to ensure that staff views are adequately represented in academic and other matters of the College. In addition, academic and non-academic staff representatives are elected to join the respective consultative groups which serve as an effective channel for collecting staff opinions in different College policies. The Staff Retreat also serves as a platform for colleagues to express their views and to be kept abreast of the latest College developments.

To ensure that students' voices are heard and they remain well-informed about CPCE's major developments, student representatives sit on a large number of College committees and user groups, such as College Board, College Learning and Teaching Committee, Library Committee, Information and Educational Technology Committee, Student Discipline Committee, Student Development Committee, Student Hostel Management Sub-Committee, Catering Committee and Campus User Groups.

CPCE院長及院長轄下委員會

CPCE院長向校董會負責，並向常務及學務副校長匯報學院管理事宜。院長轄下設有多個委員會，專責處理非教務政策事宜，包括校園事務、校園可持續發展、道德操守、管理、人力資源、資訊及教育科技、申訴及上訴、學生紀律、教職員和學生發展、校企協作教育計劃、非本地事務、圖書館、學生宿舍管理、膳食服務，以及健康及安全。

CPCE 顧問委員會

CPCE顧問委員會就學院的策略方向和發展提供建議，亦會因應香港及地區的需要，為學院不同範疇及種類的學術課程、研究以至其他活動，提供意見。CPCE顧問委員會的主席、副主席以至大部分成員都是校外成員，並非理大或CPCE人員。

1.2 理大轄下委員會的CPCE 代表成員

理大轄下多個委員會均有CPCE的代表成員。CPCE院長是教務委員會、教務策劃及規章委員會、教務質素委員會及學術政策委員會的成員。理大教學委員會亦有學院教學委員會主席作為當然成員。

1.3 與教職員及學生的溝通

為確保學院在教學或其他事宜上，能夠充分反映及考慮員工意見，學院轄下的委員會大多有員工代表，他們經指派、提名或推選方式加入委員會。另外，CPCE分別為教學人員和行政人員成立諮詢小組，教職員可以推選代表出任所屬小組的成員，讓學院在不同的決策上能夠廣納員工意見。此外，員工亦能夠藉著教職員退修會，掌握學院的最新動向，並對學院的發展發表意見。

為讓學生表達意見，以及了解學院的重要發展，學院多個委員會及小組均有學生代表成員，包括學院院務委員會、教學委員會、圖書館委員會、資訊及教育科技委員會、學生紀律委員會、學生發展委員會、學生宿舍管理小組委員會、膳食委員會以及校園用戶小組等。

2. QA Framework

2.1 Programme Planning, Validation and Review Processes

All programmes leading to PolyU-SPEED awards at the undergraduate degree level go through programme planning, validation and review processes as prescribed by PolyU. For sub-degree programmes leading to PolyU-HKCC or PolyU-SPEED awards, planning approval is delegated by Senate to APRC (with the list of programmes approved presented to Senate for information), while implementation approval lies with Senate.

Approval authority for offering programmes/courses not leading to PolyU award is delegated by Senate to the CPCE College Board. For programmes offered in collaboration with overseas universities, the QA systems of the partner universities are duly followed.

For continuing education courses leading to qualifications which bear the PolyU name/logo, the approval authority is delegated by Senate to the CPCE College Board if the courses are to be offered by CPCE/SPEED.

2.2 Academic Advisor System

External Academic Advisors are appointed at CPCE on a broad discipline basis. In 2023/24, a total of eight Academic Advisors were appointed for the discipline areas of "Business", "Engineering and Built Environment", "Health and Life Sciences", "Hotel and Tourism Management", "Humanities and Design", "Information Technology and Data Science", "Language Studies and Communication", and "Social Sciences". The Academic Advisors give advice, in the relevant discipline, to CPCE, in the areas of quality assurance; academic programmes and subjects; teaching, learning and assessment, etc.

2.3 Periodic Divisional Review and Annual Programme Review

A Divisional Review exercise is undertaken for academic divisions on a six-year cycle basis. The Divisional Review system serves as an instrument for quality enhancement in academic divisions; and as a major input for future strategic planning, visioning and international benchmarking. A Review Panel, chaired by Dean (PCE) (who also serves as the College Board Chairman), will be formed. Review Panel members will include at least two ad hoc Independent Advisors for the Divisional Review to be conducted on a Division basis, or a minimum of three ad hoc Independent Advisors for the Divisional Review to be conducted on CPCE basis, a PolyU internal academic member, and other members if deemed necessary.

2. 質素保證架構

2.1 課程策劃、評審及檢討程序

所有可獲頒理大專業進修學院學銜的學士學位課程都必須經過課程策劃、評審及檢討程序，這些程序由理大明確規定，所有學院必須依循。至於所有可頒授理大香港專上學院或理大專業進修學院學銜的副學位課程，教務委員會授權教務策劃及規章委員會進行策劃審批（獲審批課程列表提交給教務委員會作參考），其後課程亦須獲教務委員會通過，方可開辦。

另外，在提供其他非頒授理大學銜的課程／科目方面，教務委員會授權CPCE學院院務委員會予以審批。學院與海外大學合辦的課程，會依循該大學的質素保證機制。

在持續進修課程方面，若課程頒授的資歷證明印有理大名稱／校徽，並且由CPCE／SPEED開辦，教務委員會授權CPCE學院院務委員會予以審批。

2.2 學術顧問制度

CPCE就不同學術範疇委任校外學術顧問。2023/24年度，學院就「工商管理」、「工程及建築環境學」、「健康及生命科學」、「酒店及旅遊業管理」、「人文及設計學」、「資訊科技及數據科學」、「語言及傳意」，以及「社會科學」等學術範疇，委任了八名學術顧問。他們因應各自的學術範疇，向CPCE提供意見，建議範圍涵蓋質素保證、課程和科目、教學和評估等。

2.3 定期部門檢視及年度課程檢討

學術部門需要每六年進行一次部門檢視。這個部門檢視制度可以促使部門提升質素；並為未來的策略和遠景規劃，以及國際基準引入專業意見。部門檢視小組將由CPCE院長（即學院院務委員會主席）擔任主席，進行個別學術部門的部門檢視將包括不少於兩名臨時聘任的獨立顧問；若進行CPCE（同時包括所有學術部門）的綜合部門檢視則需要最少三名臨時聘任的獨立顧問。另外，部門檢視小組亦包括一名理大校內教員，並按需要加入其他成員。

Academic divisions also undertake annual programme reviews so as to maintain high academic standards and to ensure that the programmes best suit the learning needs and interests of students. Feedback is obtained from various stakeholders, including students, employers and partner organisations.

學術部門每年均為課程進行檢討，以確保課程質素優良，並且切合學生的學習需要和興趣。部門亦會諮詢學生、僱主及合作團體等持份者的意見。

Academic divisions are required to submit Annual Programme Review (APR) reports, by the end of November each year, to the CPCE College Board for approval. The APR reports allow the divisions to review the programme data and reflect on the academic standards, academic quality, operation and continuing relevance of the programmes. The divisions will also identify the strengths and weaknesses of the programmes or any other issues that may need attention, and devise strategies to build on strengths, remedy weaknesses and address issues of concern. Based on the observations on the APR reports, the College Board will advise divisions on improvement action as and where necessary and appropriate.

另外，學術部門須於每年十一月底前向學院院務委員會提交年度課程檢討報告，藉此審視課程數據，以及檢討學術水平、學術質素、課程運作及其持續相關性。部門也會找出課程的強項和不足之處，或任何需要重視的問題，然後制訂策略，以鞏固強項，改善不足之處，以及處理值得關注的問題。學院院務委員會會根據年度課程檢討報告的內容提供意見，或建議部門採取適當的跟進措施。

2.4 Other Channels of External Input to QA System

2.4 外界參與質素保證機制的其他途徑

Other channels of external input to CPCE QA System include appointments of external members from both academic and industrial sectors to the CPCE Advisory Committee; external examiners/ advisors for individual programmes; external members on programme validation panels. Furthermore, academic programmes are accredited by professional bodies where appropriate.

外界參與CPCE質素保證機制的其他途徑包括委任學術界及業界人士擔任CPCE顧問委員會校外成員；個別課程委任校外主考／顧問；委任校外人士擔任課程評審委員會成員。此外，學術課程會按實際需要，尋求專業團體認可。

In addition, programmes leading to PolyU-HKCC and PolyU-SPEED awards are subject to external review by the Quality Assurance Council (QAC) of the University Grants Committee (UGC).

另外，PolyU-HKCC及PolyU-SPEED學銜課程均需接受大學教育資助委員會轄下質素保證局的質素核證。

Overview
概述

The College of Professional and Continuing Education (CPCE) is one of the largest self-financing providers of full-time tertiary education in Hong Kong. As an independent self-financed arm of The Hong Kong Polytechnic University (PolyU), CPCE offers programmes through two subsidiaries of PolyU, namely Hong Kong Community College (HKCC) and College of Professional and Continuing Education Limited (CPCE Limited). The latter encompasses the School of Professional Education and Executive Development (SPEED), academic divisions and various supporting offices. In the 2023/24 academic year, HKCC and SPEED provided quality tertiary education to around 10,000 full-time students by offering mainly sub-degree and articulation honours degree programmes. In addition, CPCE also offered a wide range of continuing education programmes to cater for the different needs and demands of the community.

專業及持續教育學院（以下簡稱「學院」）為香港最具規模的全日制自資專上教育機構之一。學院是由香港理工大學（以下簡稱「理大」）成立的獨立自資學院，透過香港專上學院及專業及持續教育學院有限公司兩間理大的附屬公司提供課程。後者由專業進修學院、學部和行政部門所組成。在 2023/24學年，香港專上學院及專業進修學院主要開辦副學位及榮譽學士學位銜接課程，為約10,000名全日制學生提供優質的專上教育。另外，學院亦一如既往，提供涵蓋不同範疇的持續進修課程，配合社會的不同需求。

With the continual decline in the HKDSE school candidate population, players of the self-financing tertiary education sector inevitably continued to face great challenges in terms of student admission and finance position. Staying focused in the provision of high-quality education and effective management of costs and risks, CPCE's financial performance in 2023/24 remained healthy, with an operating surplus of $118.8 million (2022/23: $100.8 million). The net surplus of CPCE for 2023/24 was $81 million (2022/23: $65.4 million), after making a contribution of $37.8 million (2022/23: $35.4 million) to PolyU for general educational purposes in furtherance of the objects of both CPCE and PolyU. As at 30 June 2024, the net asset value of CPCE was $777.8 million (2022/23: $696.8 million).

隨著香港中學文憑考試考生人數持續下降，自資專上院校不可避免地繼續在招生和財務狀況方面面臨巨大挑戰。學院專注於提供優質教育和有效管理成本和風險，2023/24年度的財務表現仍然保持穩健，營運盈餘為1.188億港元（2022/23：1.008億港元）。扣除學院給予理大的3,780萬港元（2022/23：3,540萬港元）供款，用作一般教育用途，以促進學院與理大的教學宗旨，學院本年的淨盈餘為8,100萬港元（2022/23：6,540萬港元）。截至2024年6月30日，學院的淨資產價值為7.778億港元（2022/23：6.968億港元）。

營運結果及財務狀況

In 2023/24, the total income for CPCE (including HKCC and SPEED) was $945.4 million (2022/23: $884 million) and the total operating expenditure was $826.6 million (2022/23: $783.2 million), resulting in an operating surplus of $118.8 million for the year (2022/23: $100.8 million).

在2023/24年度，學院（包括香港專上學院及專業進修學院）的總營運收入為9.454億港元（2022/23：8.84億港元），而總營運開支為8.266億港元（2022/23：7.832億港元）。年內學院錄得營運盈餘1.188億港元（2022/23：1.008 億港元）。

HKCC

The income of HKCC in 2023/24 was $646.8 million (2022/23: $607.4 million), representing a net increase of $39.4 million mainly due to an increase of the tuition fee and higher investment gain achieved during the year. On the expenditure side, a total of $548.8 million was incurred during the year (2022/23: $521.5 million). An increase of $27.3 million was mainly attributable to the deployment of additional resources for staffing, IT facilities and student development.

香港專上學院

香港專上學院於2023/24年度的收入為 6.468億港元（2022/23：6.074億港元），較去年上升了3,940萬港元，主要是由於學費增加和年內的投資收益增加所致。在支出方面，年內的總營運開支為5.488億港元（2022/23：5.215億港元）。此2,730萬港元的支出增長主要是由於年內在人力資源，資訊科技設施及學生發展活動，調配了更多資源。

SPEED

The income of SPEED in 2023/24 was $298.6 million (2022/23: $276.6 million), representing a net increase of $22 million. The increase was mainly contributed by higher tuition fee. On the expenditure side, SPEED recorded a total operating expenditure of $277.8 million in 2023/24 (2022/23: $261.7 million), representing an increase of $16.1 million, principally due to increased spending on staffing and student scholarship.

專業進修學院

專業進修學院於2023/24年度的收入為2.986億港元（2022/23：2.766億港元），較去年上升了2,200萬港元，主要是由於學費收入的增加。在支出方面，專業進修學院於2023/24年度的總營運開支為2.778億港元（2022/23：2.617億港元），較去年增加了1,610萬港元，主要是由於在人力資源和學生獎學金上的支出增加。

Financial Outlook
財政展望

CPCE is confident in its long-term financial sustainability and will continue to commit itself to delivering a healthy financial performance through a robust and comprehensive operation model embedded with sound and credible plans, alongside effective cost control measures.

學院對其長期財務可持續性充滿信心，並將繼續致力於通過健全和穩健的營運模式，務實的計劃以及有效的成本控制措施來實現穩健的財務表現。

It is foreseeable that CPCE will face a series of challenges amongst the sector over the next few years, including the campus space constraint, the ongoing admission challenges arising from the declining number of HKDSE school candidates and various Government policies which are beneficial to those institutions registered under Cap.320 through various schemes. Nevertheless, CPCE will continue to stay focused to address these challenges with the adoption of a two-pronged approach. This approach involves maintaining a steady stream of income by offering quality programmes that meet societal needs, as well as exercising proper cost management by prioritising spending.

可預見學院在未來數年將面臨種種挑戰，包括校園空間限制，香港中學文憑考試考生人數持續下降而導致的收生挑戰，以及各種有利於在（第320章）注冊的機構的政府政策。然而，學院將繼續專注及積極迎接這些挑戰，通過雙管齊下的方法來保持穩定的收入和控制整體成本，包括提供可以滿足社會需求的高質素課程，以及訂立支出的優先次序來進行適當的成本管理。

Scenario planning continues to play a crucial role in the financial planning of CPCE. The multi-year financial budget, supported by scenario analysis, serves as a framework for achieving new levels of excellence and places CPCE on a sustainable path to accomplish its mission and realise its vision. To support the strategic objectives and priorities of CPCE, the budget is prepared on a realistic basis with sensitivity assessment, encompassing the main assumptions as well as the potential risks arising from external and governmental factors. The guiding principles for the budget include the effective resources management among students, staff and campus facilities in order to enhance the quality of education for the benefit of the students while ensuring the long-term financial sustainability of CPCE.

方案規劃將繼續在學院的財務規劃上發揮關鍵作用。多個財政年度的預算連同方案分析，成為實現卓越水平的框架，使學院走上可持續發展的道路，以實現其使命和抱負。為了支持學院的策略目標和重點，財政預算以實況為基礎，並且評估了不同的變數對預算的影響，包括重要因素的假設，以及外在和政府因素可能帶來的風險。財政預算所採取的原則，是把學院的資源有效地管理和適當地投放於學生、教職員和校園設施三方面，藉此提高教學質素，造福學生，並確保學院的長期財務可持續性得以維持。

Besides the multi-year financial budget, CPCE has set aside various reserves for major renovation and maintenance of the two campuses, as a contingency for maintaining smooth operations in the event of unexpected adverse financial circumstances, and for addressing future developmental initiatives.

除了制定多個財政年度的預算之外，學院還預留各項儲備作為兩所校園的大型翻新和維修，以及在財政不利的情況下能夠維持平穩運作以及為日後其他發展項目作應急之用。
