Mr. Peter JUNG

CSO

Earth Production

Earth Production is a full-service consultation and management company that specialises in event sustainability to support event organisers and companies in implementing sustainable practices to address the challenges of climate change. Our services enable the accurate measurement and assessment of factors such as carbon and water footprint, damage to ecosystems, resource availability, and human health, among others, per event, venue, or organization.

REGISTER NOW

This public lecture is fully supported by a grant from the Research Grants Council of the Hong Kong Special Administrative Region, China (Project No.: UGC/IDS(R)24/22).
